Subject: Report of Operations by Bureau Of Fisheries in Bristol Bay District  
of Alaska, season of 1926.

Commissioner Of Fisheries,  
U.S. Bureau Of Fisheries,  
Washington, D.C.

When the report on operations in the Bristol Bay district of Alaska was submitted some time ago all work of our crews in Bristol Bay had not been completed and therefor the report was not complete.

I am enclosing herewith sheets numbered; (3), (3-a), (10), (11), (12) (13) and (14). They comprise a report on those phases of our work in Bristol Bay that were not dealt with in the general report. If sheets number (3) and number (10) of the general report be removed and the enclosed sheets inserted in the proper places the report will be complete.

Respectfully,

A. T. Loeff  
Warden, Alaska Service.
